REMARKS

The original specification in the above-referenced case was filed with the original claims from the parent case, and the first preliminary amendment added a cross-reference section, but did not amend the claims. This supplemental amendment cancels the original claims and presents ten new claims for examination that are believed to be patentably distinct from the original claims.

If there are any fees due beyond any fees paid with the present application and amendment, such fees are authorized to be deducted from deposit account 50-0534, and if any time extensions such extensions are petitioned, and fees authorized to be deducted from deposit account 50-0534.

Respectfully submitted,
Musa Hanhan
